U.S. Joins Russia to Put Over Seven-Vote Affirmative Giving Place on Agenda

## Balkanites Ready

Testimony to Be Taken From Balkan Nations on Situation

Lake Success, N. Y., Sept. 4 (AP)—The Soviet Ukraine's charges in behalf of Albania against Greece were set down for hearing today in the United Nations Security Council as the result of firm American insistence that the council must examine the merits of any case submitted to it under the U.N. charter provisions.

The case was certified for official debate starting at 3:45 p. m. E.D.T., after the United States last night joined Soviet Russia in a bare seven-vote affirmative majority to place it on the agenda over the bitter opposition of Great Britain and The Netherlands.

U. S. Delegate Herschel V. Johnson, in voting for immediate discussion of the case, made it clear that the United States was making no commitment on the merits of the case.

After a hot four-hour debate yesterday the United States, Russia, Poland, China, France, Egypt and Mexico gave the minimum majority vote of seven out of the eleven for hearing the case. Great Britain and The Netherlands voted against it. Australia and Brazil abstained.

As the council prepared for the possibility of a long wrangle over the charges that Greece is fomenting frontier incidents with Albania and threatening the peace of the world, interested parties from the Balkans stood by to offer their testimony.

Dendramis Included

They included Greek Ambassador Vassili Dendramis, Ukrainian Foreign Minister Dmitri Manuilsky, who filed the charges more than a week ago and then flew here from the Paris peace conference to prosecute them; Col. Tuk Jakova, of Albania, whose country was denied membership in the U.N. last week; and Pavle Lukin, acting chief of the Yugoslav delegation to the U.N.

Among the items first up for consideration today was a Greek memorandum filed last week requesting a ten-day postponement and advising the council that Greece intended to file a reply to the Ukraine in the interim.

## Council Authorizes City Parking Meters; G. O. P.'s Bid for Voters To Decide Issue Is Turned Down

## Mead and Lehman Are Nominated by Acclamation Vote

Mead Will Seek State's Governorship, While Lehman Will Try for Senate

Convention Hall, Albany, N. Y., Sept. 4 (AP)—James Michael Mead of Buffalo, who rose from railroad water boy to a seat in the U. S. Senate, today was nominated as the Democratic choice for governor, and former Gov. Herbert H. Lehman, New York city banker and philanthropist, was nominated for U. S. senator.

Selection of the 60-year-old Mead, son of Irish immigrants, and the 68-year-old Lehman, four term chief executive of the Empire State, was made unanimously and by acclamation by the 831 cheering delegates at the Democratic state convention.

Mead was understood to have had a big hand in preparing the platform on which the Democrats hope to ride to victory over the Dewey-led Republican ticket November 5.

This was especially true of the declaration on the Palestine issue, regarded as an explosive political issue.

Other international planks include support of Truman's foreign policy, a demand for "complete freedom of expression and religion throughout the world," "uncompromising opposition to fascism and Communism," and a call for a "just and not punitive peace" for Italy.

Criticism of Dewey was confined to state issues. The platform said the Dewey administration had shown "a shameful neglect of and decided antagonism toward veterans of World War 2."

With approximately 1,500,000 veterans eligible to vote this fall, that theme is expected to be stressed by Mead and his running mates during the campaign.

The platform asserted the Dewey administration "rigged" a "complicated" absentee "voting scheme" which "prevented most soldiers, Continued on Page Two

## Andersens Are Back And Glad to Be Home

The Andersen family of Ellettsville, who sold 16,000 chickens to buy airline tickets, arrived home today after visiting relatives in Denmark and Norway.

Last spring Mr. and Mrs. Hougner Andersen sold their chickens and purchased the \$4,000 in plane tickets to visit their parents to hold family reunions after more than 16 years. They were accompanied by their five sons, Anders, 11, Holgar, 10, Stanley 9, Roy, 7, and Peter, 6.

"We are glad to be home although we had a wonderful trip and meeting the family again was a thrill," said Andersen who said he would re-establish his chicken business.

## Bids to Be Taken By State for New Road Construction

Ulster County Work Will Be Done on Thruway at Canoe Hill Road to Greene

Albany, N. Y., Sept. 4 (AP)—Bids on 10 projects providing 27.07 miles of highway, parkway and thruway construction at a total estimated cost of \$5,652,000 will be received by the State Department of Public Works September 18.

Largest project is reconstruction of 9.26 miles of Route 23 in Greene county between Prattsville and Windham with a 22-foot concrete pavement including two small bridges. The estimated cost is \$1,208,000.

Other projects announced today by State Superintendent of Public Works Charles H. Sells include:

Ulster county—Preliminary grading and drainage structures and facilities for 3.63 miles of the Catskill Thruway from a point one-quarter mile south of Canoe Hill road northward to the Greene county line, estimated at \$785,000.

Bronx county—Construction of a two-span concrete rigid-frame, grade separation structure to carry Gun Hill Road over the Bronx River Parkway; a 62-foot span, concrete rigid frame bridge to carry the Parkway over the Bronx river; alterations to an existing bridge and 0.28 miles of grading of the parkway, all in the vicinity of Gun Hill Road, estimated at \$828,000.

Nassau county—Construction of a center traffic divider on a 6.67-mile section of Northern State Parkway from the Queens county line to East Williston and improvement of numerous access roads along this section, estimated at \$482,000.

## Survey Shows City Will Need 743 Meters in Areas Designated

An ordinance authorizing the installation of 743 parking meters was adopted by a strictly party vote of seven Democrats to five Republicans at the Common Council meeting Tuesday evening.

The adoption of the ordinance and the report of the traffic control committee followed a heated debate between the opposing factions. The Republican aldermen expressed the belief that the entire question of installing parking meters should be submitted to the voters of the city at the November election.

The debate became so hot that Alderman Paul A. Zucca, who presided in the absence of Alderman-at-large John J. Schwenk, had to rap repeatedly with his gavel to bring the meeting to order as several aldermen were attempting to speak at the same time.

President Schwenk was admitted to the Kingston Hospital yesterday for treatment for an infected hand and arm.

Hours of Parking

The ordinance provides that the parking hours in the metered districts shall be from 8 a. m. to 6 p. m. five days a week, and on Fridays from 8 a. m. to 9 p. m., with free parking on Sundays.

The ordinance does not provide for free parking on holidays, but leaves that to the discretion of the police department.

Refused To Sign

The report favoring the adoption of the parking meters was signed by Alderman Frank Oulton, chairman, and Alderman James J. Carroll. Alderman Edwin Sammons, the third member of the committee, declined to sign the report.

Alderman Sammons explained that he had refused to sign the report since he did not believe parking meters would solve the parking problem in the business districts. He said he believed the entire question should be submitted to a referendum of Kingston voters.

The stand taken by Alderman Sammons was approved by Alderman Victor Roth.

## Stock Market Has Some Rallying as Break Aftermath

New York, Sept. 4 (AP)—The stock market developed individual rallying tendencies today but many leaders continued to back water as an aftermath to yesterday's sharpest market break in 16 years.

Dealings were fast from the opening on, with the ticker tape as much as three minutes late during the greater part of the forenoon. Volume was at the rate of more than 3,000,000 shares for the full proceedings.

While recoveries of \$1 to \$5 a share were well distributed around midday, losses at one time ran to \$9 or more for some pivots.

Stocks, up at the start, eventually backed down from the best. Assorted rails, rubbers and industrials improved.

The customer rooms of Wall street brokerage houses were jammed.

## Connally Declares Venezia Giulia Is Fertile War Area

Molotov Returns From Moscow Apparently to Give Stalin's Viewpoint

Paris, Sept. 4 (AP)—Sen. Tom Connally (D., Tex.) told the peace conference today that the Venezia Giulia area of Italy "was a fertile soil for war" and appealed to the 21 nations to "forget hatreds and prejudices."

The Democratic chairman of the Senate Foreign Affairs Committee spoke soon after Foreign Minister V. M. Molotov returned from four days conferences in Moscow. Molotov apparently was prepared to give the latest views of Generalissimo Stalin to the Big Four Council of Foreign Ministers meeting this afternoon.

Connally's maiden speech at the conference, asking "tolerance, patience and forbearance" in settling the stormy Trieste dispute, came during a session of the Italian Political and Territorial Commission, which was marked by conflicting claims for territory in the Trieste area of Italy at the top of the Adriatic Sea. Yugoslavia, with Russian and other Slav backing, has been demanding the territory against an adamant United States and British opposition.

"This is a peace conference, not a struggle to see which country can get the greatest benefit for any one group," Connally said. "We are here as ambassadors of the people of the world to solve the problems of the world."

## Bleakley Nominates Irving Ives

Dewey Nomination Is Signal for 20-Minute Demonstration at Old Saratoga Hall

Tells of Career

Bleakley Praises Ives for Accomplishments of Office

Convention Hall, Saratoga Springs, N. Y., Sept. 4 (AP)—A contest for the Republican U. S. senatorial nomination died abruptly today after the state convention renominated Governor Dewey, when William J. Donovan bowed to the "high command" and agreed to withdraw his name.

The decision, long expected and awaited, was not announced until after the name of the administration choice, Irving M. Ives, was placed in nomination.

The speech-making preliminary to re-nomination of other members of the Republican "first team" continued.

The Dewey nomination touched off a colorful twenty-minute demonstration, with singing, shouting delegates parading up and down Convention Hall aisles.

Ives was nominated by unanimous vote.

Bleakley, Westchester, unsuccessful 1936 G.O.P. candidate for governor.

Praises Irving Ives

Bleakley declared New York's senator "must possess the necessary background and ability to render intelligent leadership" and that Ives possesses "each one of the prerequisites" for the important office.

He asserted veterans "can find comfort and satisfaction" in knowing "he was an Infantry Doughboy in World War 1 and fought side by side with his buddies at St. Mihiel and Meuse-Argonne."

"Business men," Bleakley continued, "will tell you that New York's thriving Department of Commerce was first conceived in his mind."

The speaker added that Ives introduced the employment "anti-discrimination law" and "as friend of labor" sponsored organization of the New York State School of industrial and labor relations.

The stage was completely set for the climax of the two-day convention show with unanimous adoption, late last night, of a platform praising Dewey's "liberal" generalship.

It also pledged continued effort to improve labor-business relations, housing expansion, "wholehearted" support of measures to eliminate racial and religious discrimination, and improved health and welfare services.

Two principal speakers at yesterday's session also joined in praising Dewey and his program.

Declaring that "every promise" of the 1942 platform had been kept, the statement "pointed with pride" to Dewey's four-year achievements. Couched almost entirely in general terms, the party declaration left specific interpretation wide open for Dewey.

Only one important loose end of convention activity remained tied insecurely—that of official designation.

Troops Are Moved

Some Are Being Taken From Greece, but Not in General Way

London, Sept. 4 (AP)—A British foreign office spokesman said today that some British troops are being withdrawn from Greece as part of a general re-grouping of British forces in the Middle East.

London newspapers earlier today suggested that British troops be withdrawn from Greece now that the Greek people have voted in a plebiscite to recall King George from his London exile.

The British government has been committed to withdrawal of its forces as soon as the political situation became stabilized by elections.

The foreign office spokesman said however that no general withdrawal was in immediate prospect and that there was "no political significance" to the present troop movements.

## The World Today

**E. GLENN BABB**

**A.P. Foreign News Analyst**

Moscow's pointed celebration of its own V-J Day and the insistence in both Generalissimo Stalin's order of the day and the Russian press on the thesis that it was primarily Russian might that smashed Japan may mark the opening of a new phase of the Russian attack on the American position in the Orient. Neither Stalin nor his controlled press gave much credit to Russia's allies, and the fact that American arms had readied Japan for the knockout before the Red Army poured over the Manchurian border either was ignored or disputed.

Russia declared war on Japan August 8, 1945, effective the following day. Already Japanese leaders had been trying for months to find out what terms they might receive if they yielded, some of these overtures having been made through Moscow itself. The first atomic bomb fell two days before the Russian declaration. Japan was already beaten. Part of the proof of this is the way the Russian columns dove almost at will through the crumbling ranks of Japan's famed Kwantung army in the final week of Japanese resistance. Japan surrendered unconditionally on August 14.

**Propaganda With Goal**

Russian propaganda usually has an objective, and it is reasonable to deduce that the V-J blast minimizing the roles of the United States and other Allies in the defeat of Japan, are preparing the background for fresh claims that Russia is not receiving her share.

**Stuart Committee Stalled as Shek's Armies Push On**

Nanking, Sept. 4 (AP)—Chiang Kai-Shek's failure to state unequivocally that he would order a nation-wide truce stalled the Stuart committee today and threatened a complete breakdown in its truce negotiations as government armies drove steadily through the Communist-dominated north.

The two government and two Communist members failed to appear for a conference with Stuart. They were reported nursing "smoldering indignation" over events of the past few days.

Other developments included a Peiping report that a three-man Sino-American truce team stationed at Chengteh had not been heard from since the day before the government forces captured the town.

Headed by Col. J. H. Rustmeyer of Leavenworth, Kas., the team returned from Shanghai where he failed to prevent the sale of surplus U. S. goods to the Chinese government, refused to see anyone. Late yesterday, the government delegates visited him unexpectedly and informed him Chiang was unwilling to withdraw an ultimatum that the Reds pull out of five important areas or to state flatly that he would issue a general armistice order if the Stuart committee reached an agreement.

The government delegates, Wu Te-Chen and Chang Li-Sheng, said Chiang's answer to the armistice request was that the government would stop fighting when the Communists do.

Chou has not seen Stuart. He possibly will visit General Marshall, special U. S. envoy, tonight.

The independent Peiping newspaper Hsin Min Pao said government troops captured Kupeikou, pass on the great wall and thus cut off a Communist army short cut from North China into Manchuria.

Chinese press dispatches said government troops had occupied Chifeng, Communist base in Szechwan province 100 miles north of captured Chengteh. Communists reportedly withdrew from Chifeng, as they had from Chengteh, to avoid a major battle.

Thus the changing military pic-

in the control of Japan and the shaping of the beaten empire's future. Military men of several Allied nations are known to believe that Nippon could be a tremendous asset in any future conflict to the power which controlled her strategic islands and her reservoir of manpower. The Russians have made it clear almost from V-J Day that they resented the dominant American role in the occupation, and American military officers have made no secret of their opposition to any extension of Russian influence there.

Sessions of the four-power Allied Control Council for Japan, which is supposed to assist General MacArthur in directing the occupation, frequently have developed acrimonious verbal battles between the American chairman, George Atcheson, Jr., and the Russian member, Lt. Gen. Kuzma Derevyanko, and the breach between them has shown no signs of healing. One of the bitterest contentions has been over the repatriation of the Japanese soldiers—some authorities estimate them at 750,000—captured by the Red Army in Manchuria and Korea and reported taken into Siberia and put to work. The Russians simply have declined any information on this point, although the Potsdam Agreement specified that "Japanese military forces... shall be permitted to return to their homes."

**Resented Pressure**

General MacArthur is known to have stood against various forms of Russian pressure to extend the Soviet foothold in Japan. One form of such pressure is reported authoritatively to have been a proposal that Japan be divided among the occupying powers, which probably would have placed Russia in

ture had cleared Communists from southern Jehol. The third of five key areas which Generalissimo Chiang Kai-Shek demanded they evacuate as a condition for peace.

They earlier had yielded the Tsingtao-Tsinan railway, and government forces have occupied key cities in Manchuria. A fourth area, Shantung and Shansi provinces, seem to have been dropped from the government's demands. A fifth point, control of local governments in north Kiangsu province, remains to be negotiated.

**Revercomb Wants Probe Of Lichfield by Congress**

Washington, Sept. 4 (AP)—A congressional investigation of wartime conditions at the Lichfield, England, soldiers' prison was urged today by Senator Revercomb (R-W.Va.).

Revercomb told a reporter, he thinks the new armed services committee of the Senate, as soon as its membership is chosen at the next session, should consider an inquiry into the Lichfield case "from every standpoint."

"If officers and guards were guilty of the cruelties to soldier prisoners which we are led to believe existed there, the penalties assessed against the offenders are too light," the West Virginia senator declared.

Revercomb, a member of the existing Senate Military Committee, said he thinks the \$500 fine assessed by and army court martial against Col. James A. Kilian, former commander of the Tenth Reinforcement Depot at Lichfield, "is entirely out of keeping with his conviction."

In Bad Nauheim, Germany, Kilian asked for a congressional investigation of the Lichfield trial, asserting that such an inquiry would "indicate me and inform the people of the world."

Revercomb expressed hope that if the new senate committee decides to go into the matter, it will not stop with an investigation of the court martial procedure but will look exhaustively into the camp conditions which led to the military trials.

The new armed services committee is to be formed under terms of the Congressional Reorganization Act which abolishes the present separate military and naval committees.

The first U. S. patent for a typewriter was granted in 1829 to William A. Burt of Detroit.

the Hokkaido, the second largest and potentially the second richest of the Japanese home islands. Such a division, of course, would have brought on Japan and the occupying Allies all the ills that have sprung from the partitioning of Germany and Austria. The chief hope for Japan's restoration and development as a democratic peaceful state that one day can claim a place in the family of nations lies in the fact that her occupation has been under a single command and choice and execution of occupation policy has been largely in the hands of a single power, the United States.

**Employment Shows Drop**  
Albany, N. Y., Sept. 4 (AP)—Factory employment and payrolls in New York state declined between June and July, chiefly because of seasonal losses in most branches of the apparel and textile industries, the State Department of Labor reported today. Employment dropped 0.6 per cent and payrolls decreased 1.4 per cent in the period. The statistics were based on reports from 2331 manufacturing concerns. Gains were reported in materials and in seasonal activity of the canning industry.

and John Abt;  
Hit at G.O.P.**

New York, Sept. 4 (AP)—U. S. Senator James M. Mead for governor and Herbert H. Lehman for U. S. Senator head of the state slate of the American Labor party.

Mead and Lehman are expected to be nominated today by the Democrats at their convention in Albany.

Rounding out the A.L.P. ticket are:

For Lieutenant Governor: Benjamin Fielding, New York City License Commissioner.

For Attorney General: Joseph Lucchi, New York City Assistant Corporation Counsel.

For State Comptroller: Harry J. Chapman, state treasurer of the A.L.P. and an official of the Brotherhood of Railway Clerks.

For Chief Judge of the Court of Appeals: John T. Loughran, now serving as chief judge by appointment by Gov. Thomas E. Dewey.

For Associate Judge of the Court of Appeals: John Abt, general counsel of the Amalgamated Clothing Workers of America.

Last night's convention marked the first time since its formation in 1936 that the A.L.P. named its candidate before the Democrats. The party usually backs the Democratic candidates.

Four years ago, however, it named Dean Alfange as its gubernatorial candidate when the Democrats picked John J. Bennett, Jr.

The delegates ratified a platform which urged "a return to the Smith-Roosevelt-Lehman standard of state government" and declared the Republican administration had "reduced our state government to an apparatus for postponing urgent legislation" and "mocking the needs of our people by hoarding a sterile surplus of \$500,000,000."

**Rabbi Herbert Bloom

Rabbi Herbert Bloom has accepted the call to return to Temple Emanuel. For the past six months he has occupied the post of Educational Consultant to the Anti-Defamation League in New York city. Prior to that he was the incumbent of the Temple Emanuel post since 1933. Rabbi Bloom reassumed his duties September 1.

The delegates ratified a platform which urged "a return to the Smith-Roosevelt-Lehman standard of state government" and declared the Republican administration had "reduced our state government to an apparatus for postponing urgent legislation" and "mocking the needs of our people by hoarding a sterile surplus of \$500,000,000."

The disorders occurred mostly in the northern section of the city, but extended to the main business section, where mobs tried to break into stores and attempted to burn a house of worship. Streets in curfew areas were littered with rocks hurled at police patrols.

Under the threat of further trouble many places of business closed their doors, while markets began to feel the pinch of a food shortage as deliveries fell off.

A health menace developed in one troubled section where sewers became clogged and workers refused to clean them in fear of their lives.

Police announced that a total of 1,163 persons had been arrested on a variety of charges since the beginning of the disorders.

Dispatches from Nasik, 117 miles north of Bombay, reported communal rioting there yesterday in which three were slain and 30 injured.

Summer vacation was over and the small boy was protesting against returning to school. Father—But don't you want to go to school and learn things? Small Boy—Oh, sure, but not at that school. Father—And why not that school? Small Boy—Because they're wasting my time, they keep wanting to teach me a lot of things I don't know anything about.

First hand knowledge does not become second-hand when used.

Jackie (proudly announcing to his teacher)—We've got a new baby and it cost \$100.

Teacher—Goodness! Isn't that a lot of money for a tiny baby? Jackie—Yes, but think how long they last!

One part of knowledge consists of being ignorant of such things as are not worthy to be known.

Teacher—How many sides has an octagon? Bright Pupil—Eight!

Teacher—How many sides has a circle? Bright Pupil—Two, an outside and an inside.

It is less painful to learn in youth than to be ignorant in age.

Teacher—Frankie, what lesson do we learn from the busy bee? Frankie—Not to get stung.

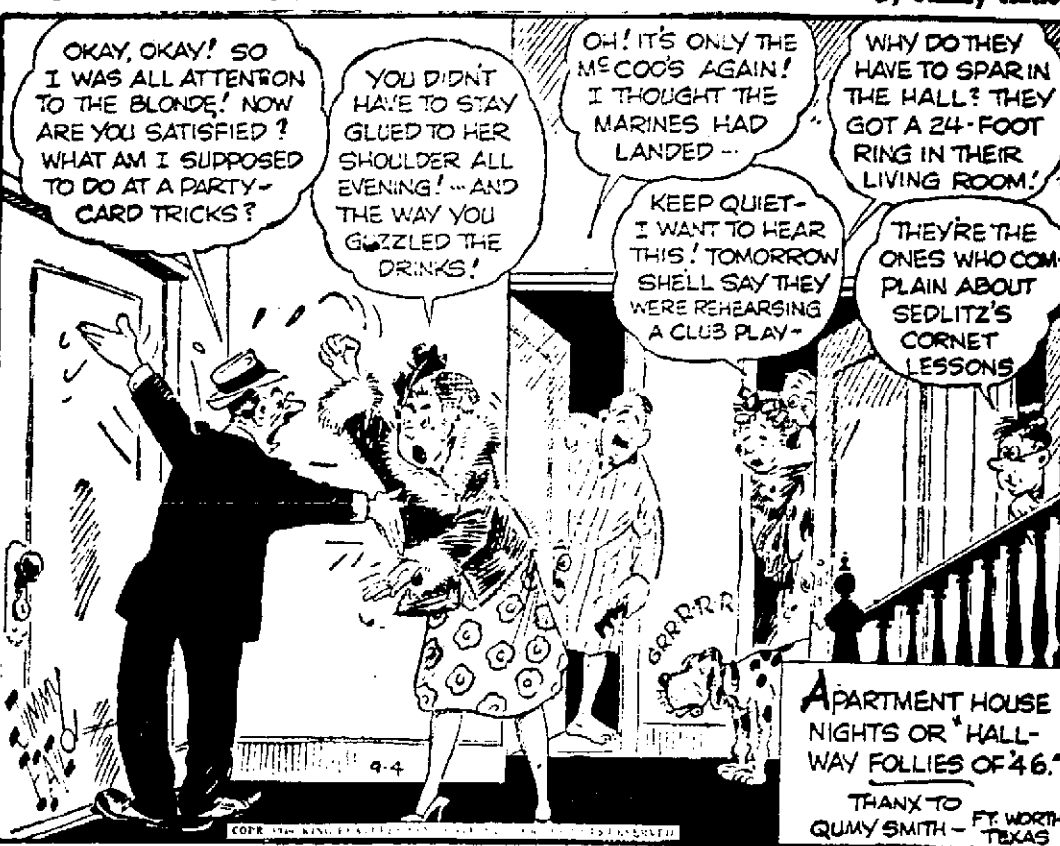

A wise man gets learning from those who have none themselves.

Teacher—Now, Junior, here is a picture of a house. What is a house used for? Junior—It's for a married man to keep his wife in.

A person who swore he would starve before teaching and has been doing both ever since.

The problems of a schoolboy

serve to keep the home fires burning. Father—What did you learn in school today, Junior? Junior—How to whisper without moving my lips. The little red schoolhouse is better than the little red-citizen. Teacher—Junior, name five things that contain milk. Junior—Butter, ice cream, cheese and two cows. If success comes too late in life it causes more regrets than comforts. The teacher was trying to impress upon her pupils the importance of doing right at all times, and to bring out the answer, "Bad Habits," she inquired: Teacher—What is it we find so easy to get into and so hard to get out of? There was silence for a moment, and then one little fellow answered. Little Fellow—Bad. The kindly old gentleman beamed at the small boy trudging along the street with an armful of books. Old Gentleman—Do you go to school, my little man? Small Boy—No, I'm sent. The High School principal called one of the young girl students to his office and sternly said to her: Principal—You've been very negligent in your school work. Nebraska's 1946 wheat harvest was estimated at 86,602,000 bushels—more than the state ever had grown before.

6 K.H.S. Graduates Enlist in U.S. Army

First Sergeant M. L. Venable of the local Army Recruiting Office has announced that six Kingston High School graduates of the class of '46 have enlisted in the regular army for a period of 18 months. Thomas A. McNelis, Jr., son of Mr. and Mrs. Thomas A. McNelis, Sr., 173 Main street. Wolfgang A. Knorr, son of Mr. and Mrs. Martin Knorr, R.F.D. 3, Newburgh, recently from Kingston. Wolfgang was an announcer at WKNY for over two years. John D. Forman, son of Mr. and Mrs. Duane J. Forman, 119 South Manor avenue. John J. Edwards, son of Mr. and Mrs. John F. Edwards, 186 Main street. Donald R. MacCollam, son of Mrs. Myrtle H. MacCollam, 134 Wrentham street. Robert S. Felton, son of Mr. and Mrs. Albert S. Felton of Ruby. These young men were faced with a decision concerning their future, an enlistment in the regular army was the deciding factor. For the 18 months these men will serve in the army they will be assured of 30 months schooling at government expense under the provisions of the G.I. Bill of Rights. That's not all, they will be eligible for all the other benefits under the bill the same benefits earned by the men who served during the war. All men who enlist on or before October 5, 1946 are assured full benefits under the G.I. Bill of Rights. The U. S. Treasury in 1890 printed a national bank note showing \$50 on one side, and \$100 on the other.

## Leaves From Boyle's Notebook

By JOHN P. MacKNIGHT  
(For Hal Boyle)

Trieste, Sept. 4 (AP)—In comely, unassuming Trieste, where few words are said for anything but the year-old, Allied-created Venezia Giulia civil police force, its organizer and superintendent, 39-year-old Lt. Col. George "Finger" Richardson, on loan from the London metropolitan force, catches the missiles in his ham-like hands, stacks them neatly, grins, and says:

"If we didn't get this outcry we wouldn't think we were doing a proper job of law enforcement," he says.

**Vitriolic Campaign**  
A vitriolic campaign in the pro-Slav press against the "Vee-gees," as the policemen are called locally, has seen them charged with everything from incompetence to Fascistic leanings and black market speculation.

Most persistent accusation is

that the policemen, 65 per cent of whom are of Italian extraction, are partial to the Italians in an area where impartiality is the sine qua non of Allied policy.

Richardson readily admits that complete freedom from bias in the increasingly hectic local situation is an ideal, rather than an actuality.

"You're bound to have some excesses," he says. "You can't take nationality out of these people overnight."

A division detective inspector of Scotland Yard, Richardson entered the army in 1943 to help the old Amgot organize the Italian territories that began falling to Allied armies with the invasion of Sicily. "I got to Trieste in June 1945," he says, "and they gave me an office and told me to make a police force. I sat in the office with Jim Cowan (American officer formerly of the Cleveland, Ohio, police force, now returned to the United States), and we looked at each other across the bare desks, and we said, 'well, we've got to make a blooming police force.'"

They agreed to model it after London's Bobbies.

**Enlisted for New Force**  
Some of the "Difesa Popolare" members were enlisted for the new force. Today it numbers 4,500 men—25 per cent of whom are Slovene, 10 per cent Serb, Croat and of other national stock, and 65 per cent Italian. It is provided with Allied arms and has 300 vehicles from Jeeps to armored cars.

Of the 25 Allied officers—19 British, six Americans—running the force, 17 are career police officials, including Maj. O. T. Mathis and Capt. T. Cawthorne of Los Angeles, and Capt. A. Bernard of New York City. Allied officers are superintendents and assistant superintendents, but everything below that is Trieste.

At first, Richardson found it hard to get proper recruits. Many were rejected on physical grounds, chiefly malnutrition. Political sympathies—still a bugbear—ruled out others. Pro-Slav organizations refused to let adherents join, partly explaining why the force today is predominantly Italian.

"But all that's improving," Richardson says. "We pay them well and give them rations of food, tobacco, and so on the scale we do our troops."

Slav reluctance to serve with the force also is decreasing, Richardson says.

"We're getting lots of good, strong boys from the farms and the mines—and even from the Montefalcone shi. ards," he says. "Why, I even have a former lieutenant in Tito's Army serving with me—with Tito's knowledge and approval."

**Holy Name Outing**  
St. Mary's Holy Name Society will hold its annual outing at Spring Lake on Sunday, September 15 from 1 to 6 o'clock. On Friday evening of this week there will be a meeting in the school of the ticket meeting.

According to Cicero, the Romans condemned the bean because it corrupted the blood and inflamed the passion.

## U. S. Stiffens Its Policy In Dealing With Russia

By SIGRID ARNE

Washington, Sept. 4 (AP)—Russia's record the past year has resulted in what is frequently called a "stiffening" of U. S. policy toward Russia.

State Department men say U. S. policy has not changed, that the U. S. has only decided to fight for its principles.

The consequence has been a U. S.-Soviet difference that has descended to name-calling at Paris. It comes under two heads, says the State Department.

Russia wants the Big Four (U. S., Britain, France and Russia) to decide for the other nations—even Allied nations—how the peace is to be shaped. The U. S. would like to hear from everyone before the peace pattern is written—even from ex-enemies.

The U. S. wants quick plans to put Europe back to normal, so the people can clothe and feed themselves and send their children to school. Russia was delayed.

Here is how the U. S.—in the person of patient Secretary of State Byrnes—has buckled down to the international scrap:

Under the war-time agreements of the U. S., the United Kingdom and Russia, the Big Three were to write peace treaties "for submission to the United Nations."

They tried that and bogged down in disagreements.

**Byrnes Wins Demand**  
There was fear the peace treaties would never get the review of the other Allies, so Byrnes began to press for a peace conference of 21 nations, passing the questions on to them. Weeks passed, disagreements still hung on, but Byrnes won and the Paris conference met.

No sooner had the Paris group met than the Russians proposed that the Big Three tell the 21 nations how to vote and how to elect its officers. The U. S. balked. Two weeks of wrangling took place, but the U. S. won.

Before the peace treaties came along there were other examples of Russia's desire to keep the major world decisions within a small circle.

It fought the inclusion of France on the Foreign Ministers Council but lost.

It fought against permitting China to sign the invitations to the Paris meeting, although China is a member of the Foreign Ministers Council. Russia won.

**U. S. Wants to Hear Koreans**  
In Korea the U. S.-Soviet talks broke down because Russia wanted to hand the Koreans a rubber stamp plan. The U. S. wants to

hear from the Koreans before the final plan is written.

The U. S. has kept pressing for greater cooperation in all of middle Europe. Cooperation was pledged in the Yalta and Potsdam agreements, but throughout the year both U. S.-U.K. diplomats and Allied press have had considerable trouble moving wherever there were Russian troops—hence, there is only spotty knowledge of Russian moves in middle Europe.

U. S. successes here have been small. Byrnes was critical enough of the Romanian and Bulgarian governments, as set up under Russian occupation, to get a Big Three investigating commission to force those governments to take in more political parties. They were broadened, but the U. S. still thinks little of the Romanian government.

**Hope to Make Communists**  
The other half of the U. S.-Soviet verbal tussle has centered around getting nations back on their feet. Here the Russians seem to be prolonging reconstruction needlessly. Experts here say they can find only one explanation: That the longer the Russians prolong chaos in Europe, the more hope they have of converts to Communism.

These have been the major trouble-

bles on European rebuilding: At Potsdam the Big Three promised to run Germany as an economic unit during the occupation. The U. S. thought this necessary to put Germany where she could manufacture enough to pay her own bills. In the past year the U. S. has poured \$200 millions into Germany and the British \$320 millions.

There has been so little sign of getting the German occupation zones together that the U. S. recently said it was willing to tie the commercial life of the U. S. Zone into that of any other zone. Great Britain agreed. There was no answer from Russia until Foreign Minister Molotov startled conferees by saying Russia favored a strong, central German government—a condition particularly named in the Potsdam agreement as something to delay. The U. S. is now moving ahead to tie together the U. S. and the U. K. zones. Russia can come in or stay out.

Through all the meetings the U. S. has pressed for the homeward trek of occupation troops, on the thesis that war-wrecked lands will be held back as long as they have to feed foreign troops.

The key was Austria. Russia said she couldn't get her troops out of Rumania and Hungary as long as she had to protect lines to Austria. Byrnes, for months, has been asking for an Austrian treaty. Russia has stalled.

U. S. movie fans constitute 65 per cent of the world's film audience.

# New International Unit Sees Religious Hatred As Contagious Disease

By ARLENE WOLF  
AP Newsfeatures Writer

New York, Sept. 4 (AP)—An attack upon religious hatreds in the same way that science attacks disease is the aim of the International Conference of Christians and Jews, new organization to further international fair-play.

Religious hatred is a disease, says Dr. Henry Noble MacCracken, former president of Vassar College, who was elected chairman at the first meeting of the organization at Oxford, England, this month. Religious hatred is contagious. It is epidemic.

The conference was attended by 170 delegates from the United States, Great Britain, Canada, Australia, Switzerland, South Africa, Germany, France, Sweden, Holland, Denmark and Czechoslovakia. It was proposed two years ago as an outgrowth of the National Conference of Christian and Jews, 18-year old U. S. organization headed by Dr. Everett R. Clinchy, and was sponsored by the U. S. group and its sister group in England.

"The most striking thing at first glance was that the majority of U. S. delegates were laymen," Dr. MacCracken said in an interview, "while most of the European delegates were clergymen. In Europe, this movement is still in the idea stage—in the hands of the intellectuals. In our country, it is a question of organized public opinion."

To impress public opinion in Europe too, the conference agreed that it is necessary to use church, radio, press, motion pictures and other similar media to teach "the greatest number of people in the shortest possible time, to make them realize that you can't be an anti-Semite and a Christian at the same time."

"We can't let this thing drift," the former Vassar president said. "It's like laissez-faire in economics."

**Revolution in Education**

What amounts to a revolution in education in many parts of the world may be the result of the conference's discussions on youth and education, Dr. MacCracken believes.

"Here in America," he said, "we have learned that it is possible to teach the present. Abroad, education is in a classical vacuum."

The conference proposed use of

the community as a laboratory for teaching citizenship, as has been done in Springfield, Mass.; introduction of facts on race into textbooks and social studies; elimination of prejudice from existing texts; and the actual teaching of democracy in classrooms throughout the world.

All together, the conference heard, debated and approved reports of six commissions—those on youth and anti-Semitism and group tensions, and others on moral fundamentals on which all three faiths agree, religious liberty, justice and community relations.

These reports will be voted on by the various National Councils of Christians and Jews and other agencies which sent delegates to the conference.

Ultimately, Dr. MacCracken said, the conference goal is the establishment of a Council of Christians and Jews in every country. Such an international setup, he said, "will help the members of each faith in every country to have standard, optimum attitudes toward members of other faiths. Religious tensions are simply illustrations of what can be done with all tensions. Many are also race tensions, because there are national traditional faiths."

"If we can eliminate or at least alleviate religious tensions, the world will find ways and means of reducing social, political and economic tensions."

## May Is Improved

Prestonsburg, Ky., Sept. 4 (AP)—Rep. A. J. May (D-Ky.) was reported improved today after his recent illness but the kind of campaign he will conduct before the November election will depend upon how much he continues to improve, his son said here.

May, chairman of the House Military Affairs Committee, is wanted as a witness on alleged war contract irregularities before the Mead Committee of the Senate. A spokesman for the committee has said that if May is well enough to campaign, he is well enough to go to Washington to testify.

## Flashes of Life Sketched in Brief

**Big Haul**  
Oklahoma City, Sept. 4 (AP)—Deputy U. S. Marshal Claude Street, discouraged by four days of unsuccessful fishing, returned home to mourn his luck.

From the back porch where he had left his tackle, he heard loud howls and rushed out to find his neighbor's cat, attracted by remnants of bait, hooked on one of the lines.

Street reeled in the cat and freed him.

**Proxy Proposal**  
Prescott, Ariz., September 4 (AP)—Edward C. Jordan of Oak Park, Ill., wanted to propose to Nancy Pratt, but he knew only that the Illinois girl was at a dude ranch near Prescott.

From Fort Wayne, Ind., yesterday he called Prescott telephone No. 1, which turned out to be in a furniture store, and told Gene Lloyd his romantic problem. Lloyd promised assistance.

A cowboy in full western regalia started out to the ranch to propose to Nancy for Jordan. Her answer was not yet known.

**He's Peachless**  
Oregon, Ill., Sept. 4 (AP)—Everything on the Court House Square was just peachy until Sheriff William Hungerford moved his headquarters from the court house to the Oregon Fair Grounds for the duration of the fair.

While Hungerford was gone, somebody helped himself to all the peaches on the sheriff's court house peach tree.

**Patched and Hatched**  
Carrollton, Ill., Sept. 4 (AP)—Nine-year-old Arnold Crotech got two duck eggs from his aunt, Mrs. Henry Hyde, but while carrying them home he bumped them together and one cracked.

Arnold patched up the crack with adhesive tape and put both eggs under a setting hen.

He got only one duckling—but it hatched from the patched egg.

## Chileans Will Name Successor to Rios

Santiago, Chile, Sept. 4 (AP)—half million Chilean voters will elect a new president today, with indications that the final results of the polling may be known before midnight.

Three of the four candidates were confident of victory in the race to succeed the late Juan Antonio Rios, who died June 27. The fourth, Socialist Bernardo Ibáñez, voiced confidence his party would win more votes than in any previous election.

The other candidates are Dr. Eduardo Cruz Coke, 47, Conservative; Gabriel González Videla, 47, Radical and Communist parties; Fernando Alessandri, 49, Liberal.

Unless one of the four wins more votes than all the others combined, congress will choose the new president 50 days later from the two top contenders.

KINGSTON, N. Y.

# 'Perfect Pianist', Rosenthal, Dies in New York, Aged 83

New York, Sept. 4 (AP)—Moriz Rosenthal, 83, internationally-known Polish pianist, who was acclaimed by critics on his American debut in 1888 as "the perfect pianist," died last night.

He had been in poor health for several years but had been seriously ill for only a week.

The last of the great pupils of Franz Liszt, he made his formal debut in Vienna in 1876 at the age of 14. On November 5, 1938, he celebrated the 50th anniversary of his first American recital by giving a program at Carnegie Hall on a piano completely overlaid with gold and made especially for him.

Noriz Rosenthal was first a pianist, but also was a philosopher, wit and, physically, a "little giant." Short, barrel-chested, with a ponderous bear-like walk, he was, as a result of his philosophical turn of mind, nonchalant and unbothered by the public life, not even by the simple unimpressed.

Technically he was recognized as a master, the peer of any pianist of his time, and that time lasted from 1876, the year of his formal debut. To his technique he added a touch that was the envy of his colleagues.

He was acknowledged too as a musician of great attainments, particularly as an interpreter of Schubert. Another facet in his make up was his mastery of Chopin, perhaps due to the fact that as a boy he was a pupil of Karl Mikuli who had been editor of the great Polish composer.

**Goes to List**  
In 1878, when still short of his 16th birthday, he became a pupil of Franz Liszt. He was with that master through Liszt's later years in Weimar and Rome. In due time Rosenthal became the last of the Liszt pupils to tour regularly. But the distinction sat lightly upon him. He lived almost literally the precept that "art is long but time is fleeting."

He was born December 18, 1862, in the Galician city then known as Lemberg and now Lwow. His parents, Jewish, were Leo and August Kammer Rosenthal, the father being a professor in the city's chief academy. At eight he began to study the piano under a teacher who permitted his pupils to modulate and transpose at will and paid little attention to their technique so the boy tackled Beethoven before he knew anything about fingering. But in 1872 Mikuli became his teacher, and that same year they played in public a Chopin rondo for two pianos.

**Court Pianist At Fourteen**  
In 1875 the family moved to Vienna. There Rosenthal studied under Rafael Joseffy, who taught the boy Taubert's method. In 1876 he made a formal debut by giving a recital of Chopin, Beethoven, Liszt and Mendelssohn. A tour in 1877 followed and King Carol I made the 14-year-old boy court pianist while Queen Carmen Sylva wrote poems which he set to music.

Beginning in 1880 there was a six-year interval in his public appearances. In that time he prepared for and pursued the philosophical course at the University of Vienna. Also, from 1878, until Liszt's death in 1886, he was under the influence of that master musician.

When he resumed recital work it was as a pupil of Liszt at the Liszt Verein in Leipzig. Then he started his scores of years of touring in Europe, the United States and South America. On November 5, 1938, he celebrated the fiftieth anniversary of his first American recital by giving a program at Carnegie Hall, New York, on a piano completely overlaid with gold and made especially for him.

Preliminary to that affair he was persuaded, rather against his will, to reminisce. He recalled Carmen Sylva and her poems, also Czar Alexander II of Russia. Invited to St. Petersburg by that ill-fated ruler, he refused to address the czar as "your majesty," compromising on "sir" because Russia oppressed Poland and Rosenthal was a Pole.

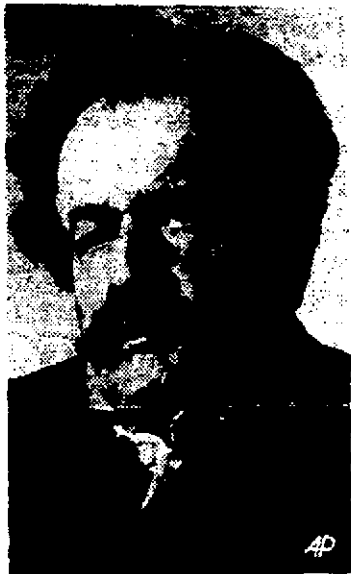

He spoke too of his 1910-18 term as court pianist for Emperor Franz Josef of Austria-Hungary and of Alfonso XIII of Spain who had an over-liking for Rosenthal's fantasies on Strauss waltzes and demanded the playing of them until both king and pianist were satiated.

**Saw Lake To Make Call**  
He remembered eating in Vienna cafes with Johannes Brahms and that the aging composer would climb six flights to Rosenthal's flat to listen to his playing. Also Aaron Rubinstein once dubbed him "the second Leander" because Rosenthal swam across Lake Como to call upon that composer.

Of his tours he remembered most vividly an American trip on which he played 126 concerts, spending 30 of the 31 nights in March on sleeping cars.

He knew seven languages, would bet on his ability to place any line written by Heine or Klopke, and kept up a repertoire of 600 pieces, without carrying any music about with him.

At 75 he could tear a pack of cards in two lift a 500-pound weight or bend a horse shoe.

MORIZ ROSENTHAL

Another trick was to break a piano string with one blow of his index finger. He knew jiu-jitsu and liked to box. But his chief recreation was chess. Also he delighted in "gags."

He said a man was young if a woman could make him happy or unhappy, middle-aged if she could render him only happy and old if she could produce neither emotion. "I'm still young," he chuckled, and Mrs. Rosenthal, nee Hedwig Loewy, whom he married in 1922, smiled.

Also it was Rosenthal who made the famous "crack" about a work by a new composer. "The beginning was fine, but half way through his memory failed him completely."

**Ex-Sailor Is Found Hanging in Jail**  
New York, Sept. 4 (AP)—Bruno Bunick, 27-year-old former sailor, hanged himself with his necktie in his cell at city prison last night after being booked earlier on a homicide charge in the death of his pretty, 24-year-old wife, Vera.

A jailor, making his rounds through the cell block, found Bunick hanging from a towel rack.

Bunick was arrested shortly after he called headquarters and told police "I've just strangled my wife."

**Trinity Steeple Burned**  
New York, Sept. 4 (AP)—Fire swept the steeple of historic Trinity Church at Broadway and Wall street last night and for 20 minutes firemen battled 300 feet upward through scaffolding and ropes before extinguishing the blaze. Worshippers in the financial district landmark sounded the alarm after smoke seeped into the vestibule from the spire, where workmen have been making repairs. The fire was confined to the interior of the spire and fire authorities said the damage was slight.

**Balloons Are Planned**  
Tokyo, Sept. 4 (AP)—A bank has contracted for production of more of Japan's secret-war-weapon—paper balloons. But they'll be carrying banners advertising a bond issue and not bombs, the bank assured its customers. In wartime, the government spent millions of yen on such balloons, sending them into the air to drift across the Pacific in the hope explosives they carried would cripple American production.

Home Bureau citizenship leaders from nine units met this past week to prepare themselves to report to their units on matters pertinent to civic responsibility. Mrs. Ed Young of Milton reviewed two handbooks prepared by the New York State Federation of Home Bureaus. One, devoted to governmental structure, entitled "Every Home Bureau Woman an Informed Voter," covers questions on village, town, city, state and national government, how officials are selected and what their duties are. The second, "We all Pay Taxes: Do We Know How and For What?" considers the services taxes provide on the various governmental levels.

## Oxnam Charges Youth With Responsibility

Lakeside, O., Sept. 4 (AP)—Methodist Bishop G. Bromley Oxnam of New York told the National Conference of Young Churchmen last night that America's youth is responsible for making certain "the war of nations is not followed by a war of the classes."

The president of the Federal Council of Churches in America declared "the seed of international discord is being sown" in the United States by men "advocating policies that mean another war."

Oxnam asserted they are the same men who "repudiated Woodrow Wilson and the League of Nations; rejected the wisdom of Secretary Stimson when Japan entered Manchuria; and ridiculed Franklin D. Roosevelt when he summoned the nation to 'quarantine aggressors.'"

## Mail Carriers List Various Nuisances

Detroit, Sept. 4 (AP)—It's not snow, rain nor gloom of night that stymies the mail carrier—it's some 184 other obstacles that get in the way of these couriers on their appointed rounds.

The National Association of Letter Carriers, with 6,000 members in convention here, came up today with a list of the things that make them unhappy—184 in all.

For instance, Florida and Missouri mailmen want legislation holding dog-owners responsible "for the biting of postmen."

In Washington state, mailmen propose that the government pay chiropractor fees if a letter carrier is "injured in line of duty."

Iowa's carriers want "permanent sidewalks"; Florida mailmen would like to smoke on their rounds and Montana postal workers urge that all post offices be air-conditioned.

Convention officials said all complaints would be given due consideration and sent on to appropriate authorities.

In wartime, the government spent millions of yen on such balloons, sending them into the air to drift across the Pacific in the hope explosives they carried would cripple American production.

## HOME BUREAU

### Sewing School

Both women who are novices at sewing and those who have had considerable experience requested the Ulster County Home Bureau to provide a project that would give them the fundamentals in sewing and help them construct a good looking dress. With both groups in mind, the first training school will be given leaders from around the county on Friday, September 6, at the municipal auditorium in Kingston beginning at 10 a. m.

This project entitled "The Better Cotton Dress" will include selection of pattern and material, cutting, fitting and professional finishes. The responsibility for the training of leaders will be shared by Mrs. Helen Staley, clothing specialist from the College of Home Economics at Ithaca, Miss Everice Parsons, county home demonstration agent and Mrs. E. N. Johnson of Kingston.

At the first training school, attention will be given to the planning of an attractive and wearable dress. Mrs. Sue Loughran of Hurley will review style trends for the group.

Leaders will learn to take figure measurements and choose their patterns. Demonstrations of the making of shoulder pads and the making of a corded buttonhole will also be included.

Classes in the various units in the county will be presented by trained leaders at the convenience of unit members.

After the ceremony a reception for approximately 75 guests was held at the "Lorraine." Kenneth Gray and Royal Perry of Poughkeepsie furnished music for the reception.

Mr. and Mrs. Murphy left for a wedding trip to Niagara Falls, Canada, and the New England states. For traveling Mrs. Murphy wore a gray wool suit with black accessories and an orchid corsage. Upon their return they will reside at 149 Academy street, Poughkeepsie.

Mrs. Murphy is a graduate of Highland High School and attended the New Paltz State Teachers College. Mr. Murphy is a graduate of Poughkeepsie High School and Krüssler's Business Institute. He served four years in the navy.

Out-of-town guests at the wedding were from Albany, Schenectady, Philadelphia, Bridgeport, Conn., New Jersey and New York city.

### TEA PARTY AT DINING TABLE

A reader asks: "Have you ever heard of afternoon tea served in the dining room on the dining table itself? I mean where the hostess has the tea service in front of herself and plates, cups and saucers are passed to those who sit around the table. A friend of mine saw this the other day in the house of a really notable person."

I know very well the type of afternoon tea you describe. In fact, I could name three personal friends who do this always when they expect a number of relatives or intimate friends. They have all lived much abroad and all are on the far side of sixty. Each one has a huge silver service put on her own end of the table with piles of cups, saucers and little plates. As people come in, they sit at a gradually increasing distance from the hostess and drink their tea in comfort and help themselves to cakes and sandwiches from dishes on the table. It is pleasant and convenient, because more people can crowd around the table than could do so at a meal.

#### Junior

Dear Mrs. Post: If a child's father dies before the child is born, but the child is given his father's name, is he called "Junior"?

Answer: No. A posthumous son, given his father's name, replaces

it exactly or, more wisely, a middle name is inserted to avoid confusion when he is older of having a name indistinguishable from that of his mother.

#### Bridal Shower Before Announcement

Dear Mrs. Post: Is it correct to give a bridal shower for a girl whose engagement has not been announced yet? This was done for someone I know lately and I thought it very strange.

Answer: It was certainly ill-timed, if her friends heard of the engagement through the one giving the party. Otherwise, if only those who had been told were included, the fact of its not having been announced publicly should not have mattered.

For Mrs. Post's booklet 504, "Etiquette of Table Setting," send 10 cents in coin and a three-cent stamped, self-addressed envelope in care of The Kingston Daily Freeman, Post Office Box 99, Station G, New York 19, N. Y. (Released by The Bell Syndicate, Inc.)

#### Baptists Will Hold Planning Conference

A special planning conference for the officers and teachers of the First Baptist Church School will be held Sunday afternoon and evening at the Y.W.C.A. Camp, High Woods.

The complete conference schedule follows:

2:30 p. m.—All members will meet at the church and leave by auto for the camp.

3 p. m.—Arrival at the camp.

3:05 p. m.—Devotions by Mrs. Edward V. Winder.

3:15 p. m.—Business session and election of officers and special superintendents under the chairmanship of Charles Arnold, general superintendent.

4 p. m.—Discussion of unified service of worship, study and expression under the direction of the various superintendents.

4:30 p. m.—Meeting of the Board of Christian Education under the chairmanship of Miss Ethel Hull to plan the devotional and discursive leaders for the

monthly programs throughout the church year.

5:30 p. m.—Picnic luncheon.

6:30 p. m.—Dedication service with the Rev. Edward V. Winder, pastor, speaking on "Consecration."

7:30 p. m.—Departure for home.

The committees: Transportation, Charles L. Arnold; promotion and publicity, Miss Doris Harvey; program, board of Christian education, Miss Ethel Hull, chairman.

The opening session of the church school will be held Sunday at 10 a. m. with classes for all ages. The annual homecoming Communion service with reception of new members, will be commemorated at 11 a. m. The Rev. Mr. Winder, minister, will preach on "The Kind of a Church We Need." Special music will be given.

Members of the Tillson Fire Department would like to express their appreciation to everyone who assisted in making the carnival a success.

## Request to Close Street Goes Back To Local B. of E.

### Aldermen Say the Matter Concerning Playground Is Up to Board of Public Works

The request of the Board of Education to close Marius street, between Wall street and Washington avenue, to public use as a street, was returned to that board by the Common Council Tuesday evening.

The education board has acquired the former Dr. C. O. Sahler sanitarium property for a school site, and desire to close Marius street so that property on the opposite side of the street from the former sanitarium, which was recently torn down, can be used as a playground.

The laws and rules committee to whom the request had been referred submitted a report to the effect that the question of closing that section of the street was under the jurisdiction of the Board of Public Works, and recommended that the education board be advised to that effect.

The committee report was unanimously adopted.

Callahan Case Closed

Unless further complaints are received by the aldermen from residents in regard to blasting at Connelly by the Callahan Road Improvement Co., the matter is closed.

That action was taken last night when the report of the laws and rules committee was unanimously adopted. The committee reported it believed that the Callahan concern had complied with the request in regard to blasting.

The first reading of a local law favoring the continuance for another year of the 1 per cent tax on the gross income of the public utilities operating in Kingston, was given last night. Two more readings are required before the ordinance is adopted.

Mary Grabiec of 57 Murray street filed a communication calling attention to damage to her property on August 15, which, she wrote, was caused by the city sewer becoming blocked and flooding the basement of her home. It was referred to the corporation council.

Low Flying Over City

Corporation Counsel Arthur B. Ewig filed with the council copies of the letters he had written to the Kingston Airport and the Kingston-Ulster Airport, in regard to planes flying low over the city.

He reported that he had received a reply from the Kingston-Ulster Airport to the effect that all those using that flying field had been warned to comply with all regulations of the Civil Aeronautics Board. No reply had been received from the Kingston Airport, he said.

To Eliminate Accidents

Alderman Sammons and Alderman Coughlin took preliminary steps last night in an effort to eliminate serious auto accidents at the intersections of Flatbush avenue and East Chester street, and at Abel and Wurts street.

Both introduced resolutions that some action be taken.

Alderman Sammons in his resolution recommended that signs be erected on East Chester street, a suitable distance on either side of Flatbush avenue, cautioning drivers to slow down for the intersection. He also advocated caution signs to be painted on Flatbush avenue, a suitable distance on either side of East Chester street, similar to the road markings used for school zones and that other signs and markings be placed at appropriate places at the intersection.

Calls on Police, Traffic Group

Alderman Coughlin in his resolution asked that the traffic control committee and the chief of police make a survey of conditions at Wurts and Abel streets to overcome hazardous traffic conditions. Both resolutions were referred to the traffic control committee.

Checks on Hours

George E. Yerry spoke briefly calling attention to the fact that there should be some change in the working hours of the employees at the municipal auditorium.

Alderman Zucca and Alderman Coughlin informed him that the employees there had been informed when they worked late at night they were not to report for duty the following morning.

Alderman Coughlin informed Mr. Yerry that the building and supply committee had the matter of hours and compensation of employees at the auditorium under advisement.

Second Rosendale

Girl Has Infantile

Patient Is in Iron Lung at Kingston Hospital; Case Is Severe

Ulster county's second case of infantile paralysis has been reported to the state health department it was said today by Dr. George James, who has succeeded Dr. Berwyn F. Mattison as district state health officer.

Both cases are in the Kingston Hospital.

Dr. James said that both cases were girls from Rosendale, and that the two girls are cousins, who had played together.

The second case is the more serious and the patient is now in the iron lung at the Kingston Hospital, it was reported. This iron lung was the gift of the Ulster county infantile paralysis committee.

A window and door screen charged with a small electrical current has been developed as a new barrier to insects.

# Dodger Jrs. Rout Hudson Valley Club Before Big Crowd, 10-5

## Yankee Players Appear as Guests Tuesday Evening

Newhart and Boyer Lead Losers in Batting Column; McCarthy Shines on Mound

Night baseball in Kingston came to a grand finish Tuesday night at municipal stadium with an estimated 2300 fans looking on as the Brooklyn Dodger Juniors humbled "Bud" Culloton's Hudson Valley Juniors by the score of 10 to 5.

**Big Leaguers on Hand**  
With such celebrities as Joe DiMaggio, Charlie Keller and George "Shuffy" Stirnweiss of the New York Yankees on hand as guests of Fred Davi, the seemingly holiday crowd enjoyed the festivities to the hilt despite the drubbing on the scoreboard.

Manager Culloton threw exactly 20 players at the Brooklyn team to no avail. Bob Minnerly, Pine Plains pitcher, started for the Hudson Valley team and pitched good ball even though he was tagged for three runs in the first. John Watzka of East Kingston, Bill McCarthy of Highland and Harry Hahn of Poughkeepsie finished in that order and all were nicked except McCarthy who seemed to have plenty on the ball.

Tom Haron and Eddie Smith divided the mound chores for Brooklyn and handcuuffed the Hudson Valley team to four hits. Bob Newhart, second sacker, collected two of them—one a double and the other a triple. Howie Havens of Poughkeepsie banged out a single and Bob Boyer of Poughkeepsie slammed out the final blow with his homer in the seventh.

Brooklyn, with the help of some messy infield play by Hudson Valley, took the lead in the first with three big runs and added another in the third to make it 4-0. The Hudson Valley nine tied up the count in the third when Haron experienced trouble with his control. Gus Koch opened with a walk and Bob Newhart slammed a long triple to left to drive in the first run. Ralph Porrazo and Ed Crosby were hit by Haron and after Havens walked, another run was forced across. Tierney's drive to short got through Kitsos for an error as two more markers came in to tie up the game.

With Watzka hurling, Brooklyn took the lead in the fourth on a hit, an error, wild pitch and a walk.

For a pair in the fifth, Bill McCarthy came on to relieve and held Brooklyn scoreless in the sixth and seventh. Harry Hahn of Poughkeepsie was belted for a single run in the eighth and two more in the ninth. The last Hudson Valley run came over in the seventh when Boyer lashed out his homer over Turcy's head in deep rightfield.

Manager Culloton inserted a whole new team in the sixth when Ed Weaver, George Zelle, Mike Riezo, Bob Boyer, Ed Lowe, Bob "Red" Gorsline, Bob Gheer, Becker and McCarthy took over.

## Yankee Players at Municipal Stadium

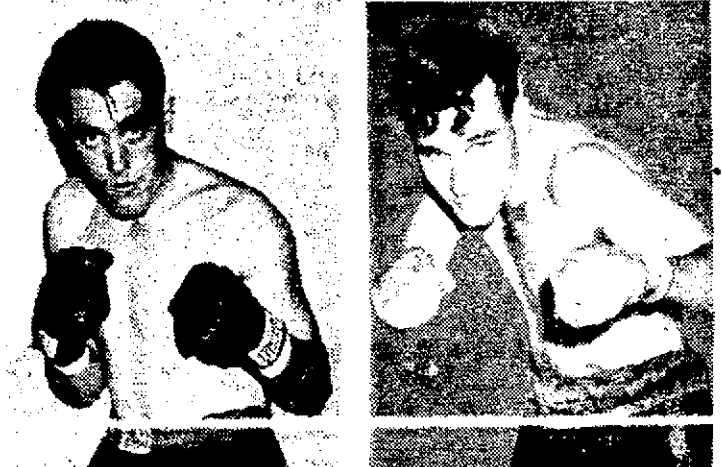

Baseball fans of this city and surrounding areas were treated royally Tuesday night by the personal appearance of three star New York Yankees players who attended the exhibition baseball game between the Brooklyn Dodger Juniors and the Hudson Valley Juniors at municipal stadium. Shown in the above photo are Vic Ruzzo, vice-president of the Kingston Athletic Association; George Stirnweiss, second baseman of the Yankees; Fred Davi, former baseball pilot of this city who brought the ball players here; Joe DiMaggio and Charlie "King Kong" Keller. Police Chief Ernest A. Boss and Jack Dawkins are seated behind them.

Maggio, Charlie Keller and George Stirnweiss of the New York Yankees. The trio of big leaguers arrived at Cuno's about 7 o'clock and ate a hurried lunch before making their appearance at the ball park. Detective Brophy headed the delegation with sirens blowing. As soon as DiMag, Keller and Stirnweiss strolled away from the car, autograph seekers converged upon them and it took about five minutes before they reached the bench in front of the stands. Just before the game started Charlie Tiano and Dick McCarthy paid a glowing tribute to the three visitors for their attendance. Tom Davitt, president of the Kingston Athletic Association, presented each of the three major leaguers with a gift on behalf of the organization which sponsored the game. Each of the visitors, Jim Volker, Jimmy Morgan, manager Jimmy Bernard "Bud" Culloton, Fred Davi, Ed Therman and Tom Davitt were introduced to the assemblage. When Charlie Keller entered the ball park near the stands behind home plate, his first words were "This is quite a setup." DiMag and Stirnweiss also voiced their opinion of the park and lighting system. Last night's successful venture is highly attributed to the great work of Fred Davi who took it upon his own to bring the three Yankees to Kingston. Fred was all smiles last night and he certainly had the right to display them. As for DiMag, Keller and Stirnweiss, they all think a lot of Fred. Turcy, the rightfielder for Brooklyn, was one of the World Stars who played against the Dodger Juniors at Ebbets Field. The Brooklyn team took the field in their snappy satin uniforms. The Hudson Valley club pulled off the old cut off play when Tufano singled in the third. Ed Crosby retrieved the ball and heaved it into the plate but Minnerly, then hurling, snatched the ball and clucked it to Howie Havens at second who tagged Tufano going into the second for the out. Tommy Carlinio, who was counted upon heavily to play third base, didn't see action due to an accident over the week-end while roller skating. Jim Volker was at first and Jim Morgan at third for the Hudson Valley Juniors. The dinner at Cuno's last night was given in honor of the players and newspapermen by Vic Ruzzo, vice-president of the Kingston Athletic Association. A good "trick" nearly took place in the seventh inning last night when Bob Boyer rapped a long drive to right and came home for a round-tripper. Turcy's throw to the plate was taken by Parker and put on Boyer but Bill Murphy called the runner safe. The entire Brooklyn team rushed to the 1st base in protest but the decision stood. It was a close play.

## Large Field Set for Annual Wiltwyck Golf Championships

### Two Locals on Boxing Card

Barney Emberson and Bobby Bowers will be represented on the program for B'nai B'rith boxing bouts in the municipal auditorium, Thursday night, by Barney Emberson, featherweight slugger, and Bobby Bowers, lightweight. Both have their share of fans and indications are that many will attend the card of scraps which sparkles with the names of George "Babyface" Decker, Carmine Virgilio, Tony Burvone, Jimmy Mario, and a quartet of master ringmen from Salem Crescent gym, New York city, where Ray Robinson got his start. The first bout is slated for 9 o'clock.

## Servo Loses Title And Jacobs Looks For His Successor

**Al Weill Says He Will See His Lawyer About Matter; Marty Is Suspended**

New York, Sept. 4 (AP)—Promoter Mike Jacobs began laying plans today for a boxing tournament to select a successor to Marty Servo, whose world welterweight title was declared vacant yesterday by the New York State Athletic Commission. Although Servo still is recognized by the National Boxing Association as the champion, the New York State Athletic Commission lifted the New York version of the title from the Senecaclay, N. Y., fighter for his refusal to defend it against Ray Robinson here Friday night.

An injured nose, the same trouble that caused the champion to ask a postponement of his original date with Robinson last May, again interrupted plans for the bout scheduled this week in Yankee Stadium and brought about the commission's action.

Servo's manager, Al Weill, said yesterday "I'm going to see my lawyer about this action of the commission." After lifting the title which Servo won from Freddie (Red) Goehran last February 1, the commission suspended Servo. Weill and Trainer Charles Goldman indefinitely confiscated a \$2500 forfeit and ruled that the new champion must be crowned by September 14.

George Goehran, Robinson's manager, announced that the New York negro would report to the commission offices Friday at the regular weigh-in time and lay claim to the title. Then, he said, Robinson would fight the winner of the proposed tournament.

Servo, who is training at a suburban estate to be held in Madison Square Garden Friday night as a replacement for the canceled bout, said he could not see the tournament going in November.

Participants in the tournament, which will include former Light Heavyweight Champion Rocky Jones of Australia, Canadian Walter Thompson, and 147-pound champion Johnny Greco of New York.

## 16 Topflight Players Seek Title Now Held by Van Gonsic; Vogt Favorite

Pairings for the annual Wiltwyck Club championships were announced today by pro Tommy Danaher who requested that all first round matches be completed by September 11.

The largest field in several years will compete for the various titles, with 16 topflight players vying for the club championship now held by John Van Gonsic.

Roy Vogt, low handicap player of the Wiltwyck club, is a heavy favorite to annex the title, with strong opposition coming from "Dubby" Raichle, Watson Bailey, Ernest LeFevre and Maurice Davenport.

Due to the heavy schedule of golf matches planned for Wiltwyck club members over the balance of the season, the tournament committee requests all contestants to make every effort to play the various matches of the fall tournament during the week days.

The golf schedule for the balance of the season:  
Sunday, Sept. 8—Wiltwyck at Hudson.  
Sunday, Sept. 15—Twaalfskill at Wiltwyck.  
Sunday, Sept. 22—Catskill at Wiltwyck.

Following are the pairings:

J. W. Bailey vs. Frank Stone  
Ed Tongue vs. Herb Roth  
Bill Zwick vs. Roy Vogt  
Ray LeFevre vs. Ken Davenport  
Ernest LeFevre vs. the Rev. T. J. Barrett  
Henry York vs. Maurice Davenport

**Second Division**  
Stan Winne vs. Dr. C. B. Van Gansbeek  
Charles Roth vs. Ben Cohen  
Al Heiman vs. Abe Streifer  
H. Winchell vs. Al Schmid  
Bill Newkirk vs. Henry Wood  
Bill Schaffrick vs. Art Organtini  
Harry Wieber vs. Stan Hankinson  
Lou Bruhn vs. Claude Needes

**Third Division**

## Mid-Hudson Loop Playoff Scheduled Here Next Sunday

### Governor Clinton to Play Poughkeepsie Nine at City Stadium; Team Will Get Award

The first Shaughnessy playoff game in the Mid-Hudson Baseball League is scheduled for municipal stadium next Sunday afternoon, September 8, when the Kingston Gov. Clinton Market team tackles the Poughkeepsie Barth-Allan nine.

In a regular league game earlier in the season the Gov. Clintons, behind the one-hit hurling of Charlie Neff, scored a slim 2 to 0 victory over Poughkeepsie. Neff was opposed by Joe Lawson who dished up only six hits.

**Ceremony Before Game**  
Prior to next Sunday's playoff contest, the Mid-Hudson League president will present the Gov. Clinton team with a cup or trophy, emblematic of the team's championship for the regular season. Should the Gov. Clintons win next Sunday's game and the one to follow, the league will present the team with a plaque.

## Kramer Apparent Outstanding Man Of Nation's Tennis

**At Any Rate He Seems Best of Crop; There Is No Star Like Don Budge**

Forest Hills, N. Y., Sept. 4 (AP)—Up to this point, the National Tennis Championships have proved nothing except that this country, coming out of a war, doesn't possess a great amateur player of the type that dominates the court from the moment he sheds his jumper.

The last such player was, of course, Donald Budge, who turned pro before the big conflict began. The best of the present crop appears to be Jack Kramer, a tall, angular specimen with a blond crew haircut. The popular prediction today, as the title matches went into the fifth day, was that Kramer would meet Frankie Parker, the not-so-young defending champion, in a final match next Sunday.

This country does not appear at the moment to have a "stopper," a certain singles winner, to throw against the Australians in the challenge round of the Davis Cup matches next December at Melbourne.

It is being more or less taken for granted that we can trim the Swedish team in the Inter-Zone final here next week, for the Swedes do not have an outstanding singles player, either.

Yesterday, Kramer had everything he could do to eliminate Edvard Mylan, an unknown from Trenton, N. J., 6-4, 6-4, 6-4. Billy Talbot, another amateur member, was carried to 6-4, 6-8, 6-6 by one Earl Cochell of Los Angeles. Parker trimmed Harry Likas Jr. of San Francisco, 6-0, 6-2, 6-3.

Bob Falkenburg, the lanky collegiate champion from the University of Southern California, reached the quarter finals of the championships yesterday with a 6-4, 6-4, 6-2 win over another highly-fancied young player, Budge Patty.

Bob will reach his big test tomorrow, when he tackles Billy Talbot, the Davis Cup player, in the quarter finals.

Today's fourth-round matches pit Frankie Parker, two-time champion, against Seymour Greenberg of Chicago, veteran Clay Court expert, Tom Brown, Jr. of San Francisco, vs. Herbert Flam, National Junior champion; Gardnar Mulloy vs. Norman Brooks of San Francisco and Pancho Segura of Ecuador against Alejo Russell of the Argentine.

The Women's Division had become entirely a domestic affair, with eight true-blue American girls contending for the red ribbon in their hair. The last of the foreign contingent disappeared yesterday when Mrs. Patricia Todd of La Jolla, Calif., outlasted Mrs. Kay Stammers Menzies, the British southpaw, 6-0, 3-6, 6-4.

## Welshmen Await Big Bout at Cardiff

Cardiff, Wales, Sept. 4 (AP)—Wily, nationalistic Welshmen plan to turn their "secret weapon" against world lightweight champion Ike Williams tonight if he gets too rough with the local challenger, Ronnie James, in their 15-round title bout.

They're going to sing to the Trenton, N. J., Negro in Welsh. Famous for their choral abilities, the Welsh are reputed to be able to turn their renditions into fiery war chants designed to instill fear in the most confident invader.

Williams left London, where he trained in a West End gym, last night a firm favorite to make a successful defense of the National Boxing Association crown he has held since April 1945.

## Yesterday's Stars

(By The Associated Press)  
Tommy Holmes, Braves—Doubled with bases loaded in four-run seventh-inning rally to defeat New York, 5-4.  
Bob Chipman, Cubs—Shut out Pittsburgh with five hits, 2-0, and drove in second run with squeeze play bunt.

Taft Witting, White Sox—Broke up 16-inning battle with double that gave Chicago 4-3 margin over Detroit.  
Hank Behrman, Dodgers—Stopped Phil's rally when Kirby Higbe weakened in eighth inning to preserve 6-4 victory.

## Baptists Defeat Comforter, 3 to 1

The First Baptists completed their regular second half second at Loughran Park Tuesday night by scoring a 3 to 1 victory over Comforter in a Federation League tussle.

Doug Harvey and Gee Brown hooked up in a brilliant pitching duel with both fingers allowing eight bingles. The Baptists raked Brown for runs in the first, second and the final in the sixth. Harvey was miked for the only marker in the seventh.

With excellent defensive support from his team mates and timely hitting by Art Rice, Harvey escaped all threats except in the seventh when the Comforter club bunched three hits and a walk.

## C.A.A. to Sponsor Bowling Circuit; Six Teams Entered

Opening Matches Are Set for September 18; Basketball Loop Also Planned

Six teams, with two more promised, have been entered in the Catholic Athletic Association's bowling league for the 1946-47 season. Teams already entered are St. Mary's, St. Peter's, Immaculate Conception, St. John's of East Kingston, St. Joseph's and St. Peter's of Roseton. The Knights of Columbus plans to enter two strong outfits.

At a meeting of the C.A.A. recently it was decided to roll over the Central Rec. League every Wednesday evening. The C.A.A. board voted unanimously to affiliate with the Kingston Bowling Association and the American Bowling Congress. The schedule will cover a period of 21 weeks and a handicap system will be used to give all bowlers an equal opportunity to place for prizes. The league will get underway September 18.

In response to popular demand of the returned ex-servicemen basketballers the C.A.A. will sponsor a cage league providing court facilities can be obtained. Contacts have been started with Harry Edson in regards to the possibility of using the M.J.M. gym. To date, six teams have expressed intention of entering the loop. They are St. Joseph's, St. Peter's, St. Mary's, Immaculate Conception, Knights of Columbus, and St. John's of East Kingston.

It also was voted at the meeting to hold the annual banquet this fall. President Andrew Gilday will name the necessary committees to select the place and make all arrangements.

Following are the standings of the C.A.A. Softball League as announced by Secretary Schupp:

	W	L	Pct.
St. Mary's	6	0	1.000

## Handicaps Are Set

New York, Sept. 4 (AP)—Weights for the \$10,000 six-furlong Babylon handicap, to be run at Aqueduct Saturday, afford an interesting line on how John B. Campbell, handicapper for all New York races, rates many of the leading two-year-olds. The veteran official rates Jay Paley's I Will at the head of the nominees under 128 pounds, followed by William Helis' Comic Bomb and Deering Browe's Royal Stakes hero, Blue Bore. I Will is at 124 pounds, along with Mrs. Elizabeth Graham's Jet. C. C. Tanner's Colonel follows at 122 each. Mrs. Fred Rogers' education, a star at the tracks, was not named for the Babylon.

## Johnny Ritter Wins

Patterson, N. J., Sept. 4 (AP)—Johnny Ritter of Patterson won the feature race on the midweek automobile racing show at the Atlantic City last night. Ritter, at eight straight the victor, won the 100-mile race, piloting a Buick. He was heading for his ninth triumph until his car spun on a sudden spin on the last lap of the 25-lap feature race. Ritter, who was second at the time, was spun off the track to avoid a crash. He never got back to catch Ritter, who streaked through on the inside while Schindler was spinning.

## Fat Chance for Kids

## BOWLING

### Y.M.C.A. Bowling News

Due to the Brooklyn Junior-Hudson Valley Junior baseball game at municipal stadium Tuesday evening the scheduled Mercantile Bowling League meeting was postponed. The final meeting of the loop will take place at the Y.M.C.A. next Tuesday, September 10, starting at 8 o'clock. All league representatives are urged to be present. It is hoped by President Roux that bowling for both the American and National Leagues can be started September 26 and 27.

The Federation Church Bowling League, of which Harry Gray is president, also will meet next Tuesday for the final pre-season session. The church league is tentatively set to open Tuesday and Wednesday, September 24 and 25.

Others bowling at the Y.M.C.A. alleys are as follows: The Freeman League Monday evening, a mixed ladies and men's bowling group Saturday night and a ladies' league from Fullers Saturday afternoon.

The "Y" alleys have been reconditioned and are in the best possible condition. The new mineralite finish is considered the latest in bowling alley finishing.

### Independent League

The Independent Bowling League will open the 1946-47 season next Monday night at the Central Recreation alleys with the following pairings: All matches will start at 7 o'clock.

Callanans vs. Beicherts (1-2).  
Stone Ridge vs. Wilburs (3-4).  
Jumps vs. Coles (5-6).  
Vogels vs. Martins (7-8).

## Change of Stadium Name Is Deferred

Request of Lions Club That Park Be Called for Dietz Is Filed

The municipal stadium will retain its present name at least until after January 1, 1947, according to action taken by the Common Council Tuesday evening when it unanimously deferred until that time action on the request of the Lions Club to have the name changed to the Sgt. Dietz Stadium.

The request was made by the club in March, and last night the laws and rules committee in a report adopted by the council called attention to the fact that the city's memorial committee would be functioning after January 1, and recommending that any action toward changing the name of the stadium be deferred until that time.

The report was unanimously adopted.

## Bruins Rally To Win Game, 6-5

Lowe Tames Subway Grill Softies

The Texas Lunch Bruins defeated the Subway Grill Sunday afternoon by the score of 6 to 5 at Hasbrouck Park.

Trailing 5 to 0, the Bruins bounced back to make it 5-3 in the sixth and added two more in the seventh to knot the count. The winning warker was shoved across in the bottom half of the eighth when Jake Goumas singled, moved to second on a wild pitch and scored on two successive passed balls.

Harry Geisler, Ed Crosby and Jake Goumas poled out three hits apiece for the winners. "Tex" Brown also helped the cause with a triple. Fred Plattner banged out a triple and double for the Subway nine. Jack Thomas collected three bingles.

Score by innings:  
Subway ..... 301 010 000—5 10 2  
Bruins ..... 000 003 21x—6 17 2  
Batteries: Bigler and Gualteri, Lowe and Larkin.

## U. S. Aggregation Totals 34 Goals; to Play Mex

New York, Sept. 4 (AP)—A 34-goal aggregation headed by Stewart Iglehart, veteran internationalist and only 10-goal player in the country, has been named to play against the Mexican Gracida four in the three-game international series starting Sunday at Westbury's Meadow Brook Club.

Selection of the team and the appointment of Iglehart as captain was announced yesterday by Robert E. Strawbridge, Jr., chairman of the U. S. Polo Association committee.

Others named to the team are Mike Phipps, a nine-goaler, Cecil Smith, the nine-goal Texan, and Pete Perkins, a Californian who formerly played for Pennsylvania Military College. He has a six goal rating. A pair of eight goalers, Pete Bostwick and George Oliver, were named alternates.

The Mexican four is made up of the Gracida brothers, Gabriel, Guillermo, Alajandro and Jose. They boast a 24 goal rating—tops in Mexico where highest individual ranking is six goals—and possess a fast string of some 30 ponies.

## Petschek Is Winner

Harrison, Me., Sept. 4 (AP)—Thomas Petschek, 15, of Scarsdale, N. Y., won the National Rifle Association's American senior boys' summer camp shooting championship with a score of 186 out of a possible 200. Directors of Camp Wigwam said they had been advised. Directors said they believed Petschek, who sent his targets to the association from the camp, was the youngest to win the event. He shot from standing and prone positions.

## Organized Sports Answer to Cut in Delinquency Cases

Thormahlen, Ex-Major Leaguer, Tells Lions Recreation Builds Solid Citizens

Organized sports programs for youths, particularly baseball furnish the best curb for juvenile delinquency. Herb Thormahlen, former major league pitcher, told the Kingston Lions at their regular weekly luncheon yesterday at the Governor Clinton.

Thormahlen, along with several members of the Brooklyn Dodgers Juniors, were guests of the Lions prior to their battle against the Hudson Valley Juniors last night at municipal stadium.

Warren Smith, Lions secretary, and Roger Baer Schwartz had arranged the program. Other guests of the Lions were Judge Bernard A. "Bud" Culliton, manager of the Hudson Valley Juniors, and Harry L. Edson of the Department of Recreation.

### Typical Americans

Thormahlen, who was a major league pitcher with the Boston Red Sox, New York Yankees and Brooklyn Dodgers in the Babe Ruth era, praised the Brooklyn Juniors as a group of typical American youths who were building a solid foundation for later life by showing great interest in baseball.

Reviewing his social welfare work in New York city, Mr. Thormahlen recalled that juvenile delinquency was lowest in areas where sports programs were well organized, and highest where there was an absence of sports.

### Trains for Reverses

Mr. Thormahlen said that experience had taught him that athletes were often best equipped to meet the rigors of the business world. A sound, well-trained, experienced athlete who enters business usually can take his reverses or successes with equanimity, he said. A man who has been steered to victory and defeat on the sports, he continued, can best stand the pressure of reverses.

### Time Is Needed

Judge Culliton said that lack of time was the only factor that prevented this area from fielding a team comparable to the Brook-

unsuccessfully backed Rep. Donmengeaux (D-La.) for the chairmanship. The latter had pledged an all-out probe of the P.A.C. Speaker Rayburn (D-Texas) first designated Rep. O'Neal (D-Ky.) to head the committee, but he resigned two weeks ago and Priest was chosen for the spot. Rayburn has called on Republican Leader Joseph Martin (Mass.) to recommend a replacement for Allen, but Martin said he wanted to see whether the committee was going to act before he made a choice.

The House customarily establishes such a committee in election years, but usually it begins to function before the primary elections get underway.

A similar group has been established in the Senate, and conducted a public inquiry into the Montana primary campaign. Priest said today's meeting of his committee would be an organizational get-together behind closed doors. No date has been set for formal hearings.

## 'Boots' Joke Costs Two \$7.50 Each in Fines

Litchfield, Conn., Sept. 4 (AP)—Wilbert Zimmerman and Fred Kowalsky, both of Hempstead, N. Y., told Trial Justice Harry Kilbourn in court here that in their town it was considered quite a joke to "lift" firemen's boots from fire trucks.

Therefore, they said, they were only following a common practice when each took a pair of boots from a Litchfield fire truck as it was parked in Bantam Center Saturday, returning from a firemen's parade at Torrington. The defendants, who pleaded guilty to their charges, said they had intended to return the boots, but State Policeman William Towne found them first.

Justice Kilbourn couldn't see the joke. He fined each defendant \$7.50.

## Loughran Cops Title

The Loughran Park Juniors defeated Shalers by 7 to 3 last week to win the Junior Park League title. Goercke struck out 10 while Hyatt did his catching. Scheff and Rowland comprised the losing battery. Berardi paced the winners with two hits. Scheff slammed out three for four for the losing nine.

Justice Kilbourn couldn't see the joke. He fined each defendant \$7.50.

## U. S. Asks Slavs For Damages in Airplane Incidents

## Tito Has Chance to End Cases Without U.N. Hearing; Action Is Awaited

By GRAHAM HOVEY

Washington, Sept. 4 (AP)—The United States handed Yugoslavia a blank bill for damages today with a sharp notice that it expects Marshal Tito's government to pay the full amount when it is written in.

If Tito agrees, this country stands ready to write "finished" to the incidents in which two unarmed American transport planes were forced down by Yugoslav fighters at a cost of five American lives.

Should Tito refuse, the United States might have to dust off its 13-day-old threat to take the case before the United Nations Security Council.

Most American officials connected with the matter appeared to believe Tito would agree to indemnity terms, following his recent expression of regret over the incidents and assurances that they would not recur.

No Predictions

But no one was willing to predict for the record the Yugoslav premier's reaction.

The notice that the United States expects damages for the loss of life and property was contained in a 3100-word note delivered to the Yugoslav government by State Department Undersecretary of State William D. Clayton.

On the issue of payment, Clayton said he was "constrained" to advise that the United States had "confidently expected" offers of "suitable indemnification" to the families and dependents of the unfortunate victims.

My government," he said, "expects that such indemnification will be made by the Yugoslav government, as well as compensation for the destruction of, and damage to the United States planes and other property caused by the two Yugoslav attacks."

There was no indication what yardstick the United States was using in totaling its bill or when it would be ready for delivery to Yugoslavia.

Will Study Facts

Undersecretary of State Dean Acheson said last week the amount would be set only when all the facts had been sent to Washington and studied.

Officials said privately that Tito probably would not be kept long in suspense.

Moderate Heat for Broiling

For broiled fish at its best, use moderate heat, placing fish about six inches away from the broiler.

No extra fat is used with oily fish, but lean fish is rubbed with margarine or bacon dripping before broiling.

Check on Flights

Clayton, basing his figures on a check into "the whereabouts of every American military plane in

## Alleged Slayer Is Killed in Germany

Frankfurt, Germany, Sept. 4 (AP)—U. S. military police and constabulary troops shot and killed the alleged German slayer of a Harvard University professor in a gun duel near Nurnberg today, it was learned tonight.

Criminal investigation agents said the killer of Dr. Edward Y. Hartshorne, of Cambridge, Mass., and Haverford, Pa., who died mysteriously from a gunshot wound on the Munich-Nurnberg highway August 26, was trapped in a woods near Nurnberg and killed as he attempted to escape.

Europe during the period," said there were only 47 flights anywhere near Yugoslav territory. And he could deny categorically that some of those planes crossed the Yugoslav frontier.

No American planes have flown over Yugoslavia intentionally without advance approval of Yugoslav authorities unless forced to do so in an emergency," he asserted.

In that connection, Clayton denied Tito's contention that neither of the American transports forced down was over Yugoslav territory because of bad weather.

One Off Course

The pilot of the plane which crashed August 9 got off course, the American note said, because of "heavy clouds, icing and high winds."

But as for the August 19 crash, Clayton said it was impossible to get complete information for a grim reason: "The pilot and crew of this unarmed American transport are dead, shot down by Yugoslav armed aircraft."

On the issue of payment, Clayton said he was "constrained" to advise that the United States had "confidently expected" offers of "suitable indemnification" to the families and dependents of the unfortunate victims.

My government," he said, "expects that such indemnification will be made by the Yugoslav government, as well as compensation for the destruction of, and damage to the United States planes and other property caused by the two Yugoslav attacks."

There was no indication what yardstick the United States was using in totaling its bill or when it would be ready for delivery to Yugoslavia.

Will Study Facts

Undersecretary of State Dean Acheson said last week the amount would be set only when all the facts had been sent to Washington and studied.

Officials said privately that Tito probably would not be kept long in suspense.

Moderate Heat for Broiling

For broiled fish at its best, use moderate heat, placing fish about six inches away from the broiler.

No extra fat is used with oily fish, but lean fish is rubbed with margarine or bacon dripping before broiling.

## Council Favors Parking Meters

Continued from Page One

department. He said that the time it would take for the police to check the meters if devoted to the parking problem without the use of meters.

The Committee Report

The report of the traffic control committee in brief said that a survey had been made by the committee with the assistance of the chief of police and the co-operation of the corporation counsel.

This survey showed that 743 meters were needed.

Boycot Objected

Following the reading of the report the privilege of the floor was exercised by Wilson Boyce, who spoke in opposition to installation of the meters. He said that if the meters were installed the city would be held responsible for any damage caused by a car in a parking space being hit by another car.

Mr. Boyce believed that the question of installation should be submitted to the voters.

George E. Yerry, Jr., extended the privilege of the floor, said he agreed with Mr. Boyce, and that the entire matter should be submitted to the voters. He said the question could be decided at the November election. The city had adequate public parking space without the use of the meters, if the automobilists would only use the parking grounds available.

Vote Taken

The vote taken on the report of the committee was the seven Democratic aldermen voting in favor of the adoption, and the five Republican aldermen opposed.

Ordinance Introduced

An ordinance authorizing the installation of the meters and where they are to be located, was introduced, and before it was voted upon there was another heated discussion in which Aldermen Sammons, Roth, Bruck and Oulton taking part.

The ordinance was adopted by the seven Democratic aldermen voting in favor, while the five Republican aldermen voted against.

More Discussion

Mr. Boyce again being granted the privilege of the floor asked what was the cost of the meters, and Alderman Oulton replied they would cost from \$64.50 to \$68 each.

In reply to questions addressed to Alderman Oulton by Alderman Roth, the chairman of the traffic control committee, said that the number of meters and the location had been decided by the chief of police.

Alderman Roth expressed the opinion that "entirely too much had been left to the discretion of the chief of police."

"The whole matter looks too much like power politics," said Alderman Bruck.

In reply to further questions Mr. Boyce said that the city would retain 50 per cent of the revenue derived while the remaining 50 per cent went to the company furnishing the meters.

Alderman Oulton explained that the meters would be installed for a six months trial period.

Proposal to Purchase

A proposal to purchase the meters was then introduced, and was strongly objected to by Alderman Roth, who said that he did not believe it was legal, and that the city did not have the legal authority to sign any contract, without it specifying the amount of money the city would have to spend.

Alderman Roth said he would like to have the opinion of Corporation Counsel Arthur E. Ewig as to whether some of the provisions in the proposed contract were legal.

Mr. Ewig replied that in his opinion the contract was legal, and was similar to that adopted by other cities where parking meters had been installed.

The corporation counsel in answer to questions from the floor said that he did not believe that if a car standing in a parking space that was metered was struck and damaged that the city would be liable.

Goes to the Mayor

The ordinance adopted authorizing installation of the meters will now be sent to Mayor W. F. Edmuth for his approval or disapproval.

Some of the aldermen expressed the belief that if the ordinance is approved and the meters installed that the cost of the meters would exceed \$50,000.

Council Approves \$44,740 to Spend On Fire Equipment

Bonds Will Be Arranged for Purchase of Aerial Truck, and Pumper

Two bond issues totaling \$44,740 to be used in the purchase of a new aerial truck and a new pumper for the fire department were unanimously approved at the Common Council meeting Tuesday evening.

Earlier in the year Fire Chief Joseph L. Murphy had sent in a communication requesting an appropriation be made by the aldermen for the purchase of new equipment.

Last night the finance ways and means committee submitted a report favoring the floating of a bond issue for \$44,750. The report was unanimously adopted, and enabling ordinances were introduced and adopted.

One bond issue of \$30,000 is to cover the cost of the aerial truck, and the other \$14,750 the cost of the new pumper. Also included is the purchase of some new equipment for the fire apparatus.

## Greek Vote Gives King 69 Per Cent; Few Are Missing

**E.A.M. Is Planning Court Challenge of Plebiscite Held Over Nation**

Athens, Sept. 4 (AP)—The total vote cast Sunday in the Greek plebiscite on the return of King George II neared 100 per cent of the estimated total registration today, with the exiled monarch winning 69 per cent and only 136 precincts left uncounted.

(The British news agency, Exchange Telegraph, said in a dispatch from Athens that the leftist E.A.M. was planning a supreme court challenge of the validity of the plebiscite.)

The British-American Observer Mission announced some time before the election that revised electoral lists contained approximately 1,700,000 names, and the latest results issued by the Ministry of Interior listed more than 1,673,000 votes already counted.

Prior to the election, the Greek government did not make public a registration list.

When asked for comment on the apparent 100 per cent vote, R. T. Windle, chief of the British Observer Mission, said the Mission's estimate might have had a small margin of error, up or down.

The public prosecutor, meanwhile, said indictments would be drawn against two Athens newspapers—the extreme leftist Eleftheria Ellada and the leftist Eleftheria—for carrying "articles insulting to the king and authorities."

It was announced immediately after the plebiscite's outcome was known that an 1937 law protecting the monarch from "slights, insults and derision," would be enforced. Earlier, the Greek government warned that emergency measures—including establishment of military courts empowered to prescribe the death sentence—would be re-instituted unless Communist bands stopped trying to "impose by force their will" upon the nation. The warning followed Communist threats of civil war.
